## Dream catcher

*Dream catchers can be made in numerous ways and are lovely to hang in the window or on the walls. It's then entirely up to you if you want to hang them to catch bad dreams or simply because they're pretty.*

### Small dream catcher with fabric feathers

#### You need:

Mobile ring 15 cm (335122)  
Fabric piece Doodling feathers (305267)  
Fabric piece New dot green (305266)  
Vliesofix (025809) 20x20 cm  
Yarn Glitter black/silver (323495) 8 m  
Faceted glass beads black oil (311121) 15–20 pcs  
Ribbon mint (304483) 4 m

#### Useful to have at home:

Scissors  
Iron  
Sewing needle (such as 515384)

#### Method:

Wrap ribbon tightly around the mobile ring. Secure with a knot at the beginning and end, and make a loop for hanging.  
Cut approx. 3 metres of yarn. Tie one end to the ring, then criss-cross the yarn around the ring and tie to secure.  
Cut two pieces of fabric (one with feathers and one with another pattern). Cut 20x20 cm Vliesofix. Iron the Vliesofix to the wrong side of one fabric piece and remove the protective paper. Place the fabric pieces on top, wrong side facing wrong side, and iron on.  
Cut out eight feathers and eight 25–40 cm long pieces of yarn. Sew a feather to the end of one piece of yarn, thread on a few beads (tie knots in between) and tie the other yarn end to the ring. Make all eight pendants and tie them close to each other on one part of the ring. Cut off the yarn ends that stick out.

### Large dream catcher with Ribbon XL yarn

#### You need:

Embroidery hoop 25 cm (700141)  
Ribbon XL yarn mint (323912) 24 m  
Molly yarn beige (323743) 40 g  
Molly yarn dark green (323744) 40 g  
Molly yarn light grey (323598) 40 g  
Molly yarn black/beige (323875) 40 g  
Wooden balls (335620) 5–8 pcs  
Yarn ball tool (714013)  
One nice branch, approx. 50 cm long

#### Useful to have at home:

Scissors

#### Method:

Cut 28 pieces of tricot yarn to 80 cm. Fold one piece of yarn in half, hold the loop at the ring, pull the yarn ends around the ring and through the loop, tighten. Repeat with the other pieces of yarn.  
Thread on wooden balls here and there. Cut the yarn ends into a V shape. Tie a branch across the ring with yarn. Decorate with yarn balls and make a loop from tricot yarn to hang the ring. The yarn balls are made of Molly yarn using our yarn ball tool.

Tool kit for yarn balls (714013)

Find more extensive instructions for how to use Vliesofix at [www.pandurohobby.co.uk](http://www.pandurohobby.co.uk) (search for 025809).
